

# Control Network Solutions

OPENING NETWORK FRONTIERS

## ***Benefits, Comparisons and New Developments in eLighting™ for Niagara AX™ presented at***

Tridium Inc held its first major EMEA region event of 2009 in Windsor, England at the end of March 2009. Tridium Partners from across the EMEA region came together to hear the latest Niagara AX™ and Sedona product development news, present their solutions, developments and project stories.

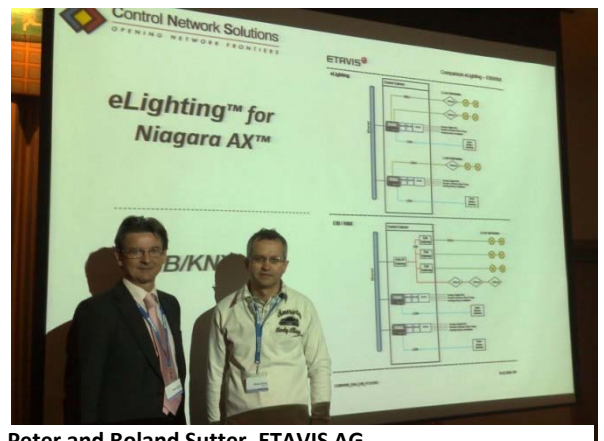

CNS's Mike Welch presented and demonstrated the ***Benefits, Comparisons and New Developments*** in our ***eLighting™ for Niagara AX™*** solution over three separate days with the help of one of our leading ***eLighting™ Partners*** ETAVIS AG.

***eLighting for Niagara AX*** enables an intelligent DALI® lamp (Ballasts and Inverters) to be directly connected to a Niagara AX platform and enable seamlessly from within Niagara AX the ability to:-

- ◆ Commission DALI devices
- ◆ Create sophisticated light control, simply with pre-written control
- ◆ Manage a lighting network both system wide and at individual level

Tridium Partners throughout the region immediately saw the benefits of this solution in:-

- ◆ Reducing installation and Commissioning costs
- ◆ Reducing and manage energy consumption
- ◆ Reducing and manage CO<sub>2</sub> emissions
- ◆ Reducing and manage maintenance costs
- ◆ Improved sustainability
- ◆ Supporting BREEAM, ECA, LEED and their regional equivalents

Peter and Roland Sutter, ETAVIS AG
